The terminal disclaimer has been entered and the double patenting rejection has been withdrawn. The rejection of the claims over VanErden alone has been withdrawn. The rejection of the claims under 35 USC 103 is maintained. Applicant may overcome the rejection with a statement attesting to common ownership "at the time of applicants' invention".

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 1, 3 and 13 are rejected under 35 U.S.C. 103(a) as being unpatentable over Clune in view of Van Erden for reasons of record.

The rejection of the claims under 35 USC 103 is maintained. Applicant may overcome the rejection with a statement attesting to common ownership "at the time of applicants' invention". Applicants' arguments relating to the content of the terminal disclaimer does not specifically include the required statement.

Claims 2, 4-12, & 14-21 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
